Discover Opportunity through local Ag partners!

Join us for "Talkin' Farmin'," an evening dedicated to exploring opportunities through local Ag partners. Hear from producers in the area who have participated in different programs offered by the SWCD. Dig deep into the Va. Agricultural Cost Share Program and find out what other BMPs might fit your operation. Participate in a Question and Answer portion with the District and their partners to find out more about different practices and how they may fit into your current operation.
